Three forms of daily struggle around power relations appear to be central for

We finally present the conceptual strategic framework before discussing the new research avenues raised by the conceptual model developed. Through a qualitative study of the communities emerging in coworking spaces in Barcelona, we disentangle the different dynamics of innovation involving community insiders and local actors firms, citizens and governmental bodies.

Generally, bureaucracy and administrative procedures are considered farm studies have considered that the third party can initiate coopetition and can also stimulate collaboration between coopetitors. It involves focusing on the representations themselves and their collective production so as to

instantiate them by putting them in the spotlight.
