my-real-life-bookshelf, read-for-school. In this formative one hundred years, a time when the colony's future was indeterminate and in flux, patterns of interactions were established that would shape Brazil for centuries to come. Her study focuses on the social revolution of Brazil as the Portuguese colonizers transformed the landscape by unsustainably harvesting brazilwood forests and establishing Jesuit missions and colonies.

Tofacilitatefirstcontacts,seacaptainscontinuedtousestrategiesthat as men who had gone native facilitated the brazilwood trade, so, too, did such men negotiate the needs of the first Portuguese colonists, which were far greater than those of the traders. Because they facilitated contact between the European and the Indian worlds, and typically through language in face-to-face situations, transactional go-betweenes created

situations in which diseases could be exchanged.
