A lot of times what happens over time is something gets clarified and you know, renamed for the purpose of doing a better job of explaining what it is and why it matters. We were learning as we went because all this was very new. Engage the reader best by creating a sense of uncertainty, which gets the reader guessing, and then solve that uncertainty. The frequency or pitch of a wave form is determined by how fast it moves up and down. J: Timing and luck to some degree. In a funny way it was to the benefit of the film because the design team had more time to work. One more piece of ammunition for the Pantfans. Using higher values will make it return false more often introducing more space into the riff. He moves down the alley and turns a corner to another alley and finds his dog standing over a dead body.
