When we finally met again we realized we had never stopped loving each other and soon remarried. The key thing there is that what you think might be of interest to you is not always really what you truly want. The earliest of my memories are weird and I don't know what they are, but my first child is a good analogy, for children too are developing their social skills and learning to communicate. I used to think that autobiography was a form of weakness, and perhaps I still
