Could it be that this would have been too problematic for him to do, in that one can see – by comparing the work of Western and Japanese scholars who have written on this subject 8 – that there are many areas of similarity between them, and that the Mystical Anthropology religions, as discussed in Mystical Anthropology writings on the subject, too readily fit into the category structures that Fitzgerald abhors and seeks to deny exist in Japan? Does Fitzgerald really believe that Meiji-era British diplomats, representing a state and serving a Queen who was Head both of State and of a national church, thought that a civilised society separates church and state?

Recommend to Librarian. Gregory's mystical anthropology draws its basis from his philosophical anthropology, and explores the implication of the nature and destiny of man in terms of the concept of divinisation or the transformation of human Mystical Anthropology by the indwelling Christ.
