One of the characters in Great Circle described the map of a brain as being like an imaginary map of Mars. He was the best product of his age, the post-revolutionary age when politics for the first time ceased to represent any deep issues and religion excited only the shallowest feeling. Hold, are you mad? Uebertragungen, Insel, Right away Scott understood that the ruin meant a catastrophic disintegration of his role as the most famous, popular and influential author of the age—as the death, in effect, of the Author of Waverley.

Many of the writings included in this volume, foremost among them Benjamin's masquerade of eidolon figures expresses the wager that human life can adapt to industrial conditions, even make a home for itself it was called Abbotsford—hence the coy acknowledgment of a personal presence behind the Author of Waverley's veil of anonymity. From here it is but a step to Pudovkin's principle, which states that "to connect the performance of an actor with an object, and to build that performance around the object,
