Aware of his own need to learn French, Bacon lived for three  
months with Madame Bocquentin and her family at their house  
near Chantilly. The Guardian. Effects of the Renaissance on  
Painting and Sculpture As referred to above, the Italian  
Renaissance was noted for four things.

ThislineofthinkingsetsPuschakinsearchofthebeginningofmodernartits  
Some have suggested that this visual relationship can be  
mapped onto a sexual one between the two artists, although  
more often than not this rumour is placed in the footnotes of  
the scholarship, in the gutter of the page. Kim Scott  
Charnley. He was somebody who had this amazing stock of  
schemas inherited from the art which he knew but an  
extraordinary ability to work with the grit of observation and  
the imagination to see that the old wisdom needed challenging,  
both on grounds of empirical testing but also on grounds of  
theoretical constructions.
